C. DESCRIPTION/ SPECIFICATIONS/ STATEMENT OF WORK

C.1 Scope of Work

Description of Work: The intent of this contract is to secure services for ground, broadcast spray application of herbicides according to the attached specifications. The goal of this contract is to control woody shrubs, grasses and forbs, to provide a suitable environment for the survival and growth of planted conifers.

Contractor Responsibility: The Contractor shall provide everything-including, but not limited to, all equipment, supplies, transportation, labor, and supervision-necessary to complete the project, except for that which the contract clearly states is to be furnished by the Government.

Before work may begin the Contractor shall designate, in writing, at least one person on site with authority to act in case of the Contractor's absence from the work site. The Contractor shall list the extent of authority this representative will have on the job. The Contractor or authorized representative shall be on the project area whenever work is in progress and shall act as a non-working supervisor. In the absence of the Contractor, this authorized representative shall receive orders and instructions from the Contracting Officer and shall take such action as is required to keep the job in progress under the terms of the contract. The Contractor and authorized representative(s) shall have an oral command of both the English language and the language common to the crew(s).

C.2 Project Location & Description

Location: The project is located on the Stanislaus National Forest, Groveland Ranger District.

Description: The area for herbicide treatment is within the 2013 Rim Fire. Ground to be treated is comprised of grass, forbs and small brush. Snags are scattered throughout unit.

Exclusions (Non-Work Areas): Known exclusion areas are flagged within the work areas and are labeled CA on unit maps. See Section J Unit Maps for CA location.

Accessibility: All work areas are accessible by standard pickup. Four-wheel drive vehicles may be beneficial in improving the access points of any given treatment unit. It is the Contractor's responsibility to reach the work site when it is ready for treatment. The Contracting Officer will determine the access routes which may be used.

Any prospective contractor desiring an explanation or interpretation of the solicitation, drawings, specifications, etc., must request it in writing from the Contracting Officer soon enough to allow a reply to reach all prospective contractors before the solicitation closing date. Oral explanations or instructions given before the award of a contract will not be binding.

C.3 Maps

Any maps included in Section J are general in nature and are not to be considered as definitively identifying locations.

Any prospective contractor desiring an explanation or interpretation of the solicitation, drawings, specifications, etc., must request it in writing from the Contracting Officer soon enough to allow a reply to reach all prospective contractors before the solicitation closing date. Oral explanations or instructions given before the award of a contract will not be binding.

C.4 Estimated Start Date & Contract Time

Estimated Start Date April 1, 2019, 2

Number of Calendar Days Required: 25 Days

See also Section F

C.5 Restrictions on Work

Work may be performed at any time during the period of the contract, except as outlined here. Nothing in this part shall be construed to take away any of the Government's rights under the Suspension of Work Clause (52.242-14). Restrictions are as follows:

1. In accordance with the fire plan, if included in Section J.
2. When the Contracting Officer (or designated representative) determines that adverse weather has made access too dangerous or that continued vehicular travel would cause unacceptable road damage.
3. The Contracting Officer will determine whether target vegetation is in an appropriate stage of growth for the herbicide application to be effective.
4. Work shall be performed only when the Contracting Officer or their Representative is present on the work site.
5. The Contracting Officer will determine the sequence in which each stand will be treated.
6. Each stand shall be completed prior to starting work on the next stand.

C.6 Licenses and Insurance

The contractor shall obtain the insurance and licenses listed here.

MSPA Card (Form WH510): This contract [X] does [] does not require the contractor to be registered with the US Department of Labor as a Farm Labor Contractor. The Contractor shall provide a current Form WH510 or legible copy.

Licensing and Safety Requirements: The Contractor shall have a current State of California Agriculture Pest Control Operator License including Category "E" (Forest), and Pest Control Business License, prior to the award of contract. The Contractor shall register this State License with the appropriate County Agriculture Commissioner(s) prior to beginning work.

The Contractor shall be required to provide the following:

1. Required permits.
2. Complete and file all reports, with a copy to the Contracting Officer.
3. Complete any other incidental requirements.

The Contractor's authorized representative(s) on site must, at a minimum, be a State of California Applicator Certificate (QAC).

The Contractor shall comply with the State of California Safety Orders found under the California Administrative Code and with the requirements of the Federal Worker Protection Standards (40 CFR, part 170). For further information regarding licensing requirements contact the California Department of Pesticide Regulation at (916) 445-4038, or online at www.cdpr.ca.gov.

C.7 Camping and Housing

Camping is not permitted in US Forest Service campgrounds. Contractor **will not** be permitted to camp elsewhere on US Forest Service land. Camping on Forest Service land is not a right; permission may be revoked for failure to comply with the terms of the permit. (See also Section H, Camping Permit Compliance)

C.8 Technical Requirements

C.8-1 Definitions

Definitions:

Adjuvant: Anything added to the herbicide with the exception of water. This includes drift control agents, surfactants, dyes, antifoam agents, acidifiers, etc.

Batch tank: A mixing tank with a constant agitator that can be moved and operated separately from the clean water tank. For example, a tank mounted on a separate vehicle from the clean water tank or mounted on a trailer.

Broadcast spray: The entire area of the unit, excluding protected areas, rock outcroppings, and non-target species, is to be sprayed with the herbicide mix at the specified rate.

Clean water tank: A tank that contains water for mixing and wash down. It must be free of all pesticide residues.

Crop tree: Any tree or seedling present with the exception of knob-cone pine, bull (foothill gray) pine, and California nutmeg.

Damaged tree: The following constitutes unacceptable types of damage:

1. Any herbicide mixture on the terminal leader, or on more than 5% of the green crown.
2. Any physical damage to the terminal bud or leader, or more than 25% physical damage to the live crown.
3. Any damage on the bole or stem of the tree.

Herbicide: The concentrate before mixing occurs.

Herbicide mixture: The herbicide, water, surfactant, and dye.

Non-target species: Include, but are not limited to: Alder, Dogwood, Elderberry, Hazelnut, and Willow.

Oaks: Buffer 5 per acre Oak over 0.5 inch DBH and 8 feet tall and identified on the ground if there are over 5 per acre. If under 5 per acre buffer all.

Target vegetation: All green plants not identified as commercial conifers, oaks or other non-target species.

Wash down: Spray a contaminated seedling or other non-target vegetation with wash down solution to runoff.

Wash down solution: Composed of 5 gallons of water and one 3 oz. bar of soap per backpack of water.

C.8-2 Specifications

Licensing and Safety Requirements: The Contractor shall have a current State of California Agriculture Pest Control Operator License including Category "E" (Forest), and Pest Control Business License, prior to the award of contract. The Contractor shall register this State License with the appropriate County Agriculture Commissioner(s) prior to beginning work.

The Contractor shall be required to provide the following:

1. Required permits.
2. Complete and file all reports, with a copy to the Contracting Officer.
3. Complete any other incidental requirements.

The Contractor's authorized representative(s) on site must, at a minimum, have a State of California Applicator Certificate (QAC).

The Contractor shall comply with the State of California Safety Orders found under the California Administrative Code and with the requirements of the Federal Worker Protection Standards (40 CFR, part 170). For further information regarding licensing requirements contact the California Department of Pesticide Regulation at (916) 445-4038, or online at www.cdpr.ca.gov.

Work Methods: The Contractor shall be responsible for training his employees in the proper techniques to be used during application of herbicides and safety procedures to be followed when handling herbicides.

The Contractor shall keep his crew organized so that units are covered systematically without skipped areas. The Contractor shall not scatter his crew over different parts of the unit.

The Contractor shall apply the herbicide mixture to all target vegetation in each stand.

The Contractor shall spray to coverage but not to runoff, the leaves and outer stems over the entire plant for all the vegetation to be treated. Interior surfaces of large, dense target species vegetation shall be sprayed.

The application rate and coverage shall be uniform throughout each unit although the amount of mix applied per acre will vary with plant density and size.

Application rate shall not exceed 40 gallons per acre.

Crop trees in all units shall be protected from herbicide mixture in the following manner: Seedlings up 2 feet in height shall be shielded to protect the entire plant from herbicide spray (i.e., cones, shields, etc.). Protective equipment shall not damage seedlings. Seedlings taller

than 2 feet will be protected by directed spray application. Where there are multiple trees planted per spot, all trees on that spot shall be protected while the adjacent area is being sprayed.

There shall be at least one clean (i.e. triple rinsed) back-pack sprayer available per crew that is full of wash down solution. Crop trees and non-target plants shall be washed down within 8 minutes of contamination. Individual spray bottles are allowed. Eyewash bottles will not be a substitute for individual spray bottles.

No application of herbicide will be allowed within 10 feet of any meadows, perennial, intermittent, ephemeral stream courses or special aquatic features such as springs, seeps and fens. These areas will be designated by the government prior to entry into the units, and will be considered protected areas. Areas containing standing water not designated by the government prior to entry will be given a 10 foot buffer and treated as non-work areas. The 10 foot buffer does not apply if any intermittent or ephemeral stream is dry at the time of application.

Do not apply herbicide within 20 feet of the bole of leave oaks unless noxious weeds are present. These oaks are identified on the ground and will not exceed 5 per acre.

Non-target species shall not be sprayed in any units.

The Contractor shall keep equipment in good operating condition maintaining flow rate and nozzle pressure. Application of herbicide mixture will be made with a nozzle pressure of 15 psi. The spray tip will be kept from 12 to 24 inches from the target vegetation during application.

To avoid damaging nozzles the Contractor shall use a soft material such as natural or nylon bristle to clean the nozzles. Wire or other hard material that can enlarge the nozzle orifice, or otherwise damage the nozzle shall not be used.

The Contractor shall be responsible for washing and cleaning out all equipment at the end of each work day. The exact location for cleanup will be selected by the Contracting Officer.

Under no circumstances shall sprayers, containers, clothing, personnel or other contaminated materials be washed within 50 feet of any running or dry stream course, lake, reservoir, wet meadow, or other wet area.

The Contracting Officer will use the following criteria to determine when application operations will cease:

1. Sustained winds in excess of 5 mph.
2. Precipitation, or a 70% or greater chance, predicted within 24 hours.
3. Foggy weather.
4. Excessive dew on target plants.
5. Temperature inversions that could lead to off-site movement of the herbicide mixture.

Batching of Herbicide Mix: Contractor shall do all batching of herbicide mix and conform to label instructions and safety requirements.

A graduated container of at least one-half gallon in size shall be used to measure chemicals and surfactants during the batching operation.

All batching of herbicide mix will be done in the presence of the Contracting Officer or their representative at the work site. The Contractor shall use only water sources approved by the Contracting Officer.

Glyphosate herbicide Mix for 100 gallons of 2% herbicide mix

1. 2 gallons of Glyphosate.
2. ¼ gallon of SLY-Tac Surfactant.
3. ¼ gallon of Becker Underwood Colorfast Purple.
4. Sufficient water to equal 100 gallons of mix.

Batching sequence is as follows:

1. One half of the water for the mix shall be put in the batch tank.
2. The herbicide and colorants shall be put in the batch tank next.
3. Begin agitation.
4. Add the remaining water in the batch tank while continuing agitation.
5. The last ingredient to be added to the tank will be the surfactant.

The herbicide mix shall be under constant agitation in the batch tank to prevent separation. All mix shall be sprayed out. The mix shall not sit overnight in the batch tank or other equipment.

Storing and Transporting Herbicides: All unattended herbicide concentrate shall be stored under lock and key in its original container.

The Contractor shall work with the Contracting Officer to insure a minimal amount of herbicide mix is moved between units.

Disposal of Containers: The Contractor shall dispose of the containers in the following Federal, State, and County regulations in the disposal of the empty herbicide containers.

Herbicide Spills: If a spill occurs, the contractor shall:

1. Take action immediately to contain the spill.
2. Notify the Contracting Officers' Representative on site.
3. Be under the control of the Contracting Officer during the spill clean up.
4. Be liable for all costs of damages, clean-up, and decontamination.

C.8-3 Contractor-Furnished Equipment

The contractor shall provide the following herbicides, adjuvants, and dye.

1. A 53.8% active ingredient glyphosate herbicide formulation without an integrated surfactant.
2. SYL-TAC (CA Reg. No 2935-50167).
3. Colorfast brand or equivalent purple dye.
4. Tree shields

All herbicides and adjuvants shall be provided in factory sealed containers no larger than 2.5 gallons each. Equivalent herbicides, adjuvants, and dye may be substituted only as approved by the Contracting Officer. Contractor shall provide clean water for the wash down packs.

All required chemicals shall be provided in sufficient quantities to complete the job.

Backpack sprayers: Shall have an adjustable pressure regulator or a pressure gauge mounted on the spray wand. All sprayers shall be equipped with a "TeeJet" XR80-04VS spray tip or equivalent, with a 50 mesh screen. Plastic, brass, or aluminum spray tip nozzles shall not be used.

Batch tank: Shall be a mixing tank equipped with a constant agitator, a sight level in good condition to measure tank volume, and a leveling gauge which will be adequate for leveling the tank in all directions. The filler hose from the batch tank shall be equipped with a self-closing nozzle. The batch tank shall be in good condition, meeting all state requirements. The batch tank shall be mounted such that it can be moved and operated separately from the clean water tank; for example, mounted on a separate vehicle from the clean water tank, or mounted on a trailer.

All valves capable of emptying herbicide from the batch tank, must be lockable.

Clean water tank: Shall be a tank exclusively for water, having a back flow prevention device or proper air gap filling apparatus. The water tank and all drafting equipment must be free of pesticide and dye residue. Pesticides and dyes shall not be stored or transported in the same vehicle used to transport the clean water tank.

Tree Shield: A shield or cone to protect seedlings from herbicide spray. Each applicator shall carry a shield when there are seedlings in a unit under 2 feet in height.

Storage area: Locked area for herbicide and containers. This can't be inside of the passenger area of a vehicle.

Spill kit: Containing a minimum of 25 pounds of absorbent material such as kitty litter, two 30 gallon, 4 mil polyethylene garbage bags with ties, and 2 shovels.

Trailer hitches: Hitches used to tow equipment and trailers shall be securely mounted directly to the vehicle frame. Bumper hitches shall not be used unless specifically designed and rated for towing heavy loads.

Other: Contractor shall provide all other supplies and incidentals necessary to accomplish the required contract work while complying with herbicide label directions, pesticide application license requirements, and worker safety protection standards.

Personal protection equipment for workers: All safety equipment as listed on the herbicide label and as required by State and Federal regulations shall be used. Note that the State of California requires gloves and eye protection whenever working with pesticides.

Additionally, the following Forest Service requirements shall be met:

1. Hardhats without leather or other porous headband.

2. Disposable or washable long-sleeve coveralls. Clean coveralls, without tears, shall be worn each day.
3. Tee shirts and long pants shall be worn under coveralls.
4. Leather boots with socks.
5. Individual eye wash bottle (16 ounces of water), to be carried by applicator.

Workers shall change their personal protective equipment (PPE) and under clothes and wash thoroughly, wet areas of the skin if the workers PPE becomes sufficiently wet that spray material soaks through the PPE and under clothes.

Calibration and Equipment Check: Prior to and during work the Contracting Officer reserves the right to inspect, test, and approve equipment. For example, the Contracting Officer will check for cracked hoses, worn seals, and leaks.

Prior to and during work the Contracting Officer reserves the right to test and inspect the herbicide concentrate and mixture.

Prior to and during work the Contractor shall be required to calibrate his equipment in the presence of the Contracting Officer.

C.8-3 Contractor-Furnished Equipment

Contractor shall be required to have all equipment necessary to perform.

C.8-4 Government-Furnished Equipment

The Government will provide the following item(s) of Government property to the Contractor for use in the performance of this contract. This property shall be used and maintained by the Contractor in accordance with the provisions of the "Government Property" FAR clause contained elsewhere in the contract. None.

SECTION E - INSPECTION AND ACCEPTANCE

E. INSEPTION AND ACCEPTANCE

E.1 Contract Inspection Requirements (FAR 52.246.01) (APR 1984)

The Contractor is responsible for performing or having performed all inspections and tests necessary to substantiate that the supplies or services furnished under this contract conform to contract requirements, including any applicable technical requirements for specified manufacturers' parts. This clause takes precedence over any Government inspection and testing required in the contract's specifications, except for specialized inspections or tests specified to be performed solely by the Government.

E.2 Inspection of Services Fixed Price (FAR 42.246.04) (FEB 1992)

a. Definitions. "Services," as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

a. The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

b. The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

c. If the Government performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient performance of these duties.

d. If any of the services do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by reperformance, the Government may (1) require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and (2) reduce the contract price to reflect the reduced value of the services performed.

e. If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government may (1) by contract or otherwise, perform the services and charge to the Contractor any cost

incurred by the Government that is directly related to the performance of such service or (2) terminate the contract for default.

E.3 Informal Inspections

The Contracting Officer and/or his/her appointed representative may visit the work units to observe the Contractor's work and progress. Acceptance of the unit may be based on informal inspections.

E.4 Compliance with Inspections

If, during the performance of the contract, the Contracting Officer determines that work performance fails to comply with a specification or specifications, the Contracting Officer may issue a work order to the Contractor. The Contractor shall immediately correct performance to comply with the work order and the referenced specifications and shall rework as necessary all area worked that does not comply with the referenced specifications. Failure to correct unsatisfactory conditions may be considered non-compliance with the terms of the contract and may be grounds for contract termination.

E.5 Quality Control Plan

a. The Contractor shall provide a general Quality Control Plan (QCP) with the technical proposal. The Contractor shall supplement the QCP within 7 days before start work based on items awarded to the Contractor and Government comments. The contractor shall conduct quality control inspections on all aspects of work. The field inspections shall be performed on each sub-item listed in each task order.

b. The general Quality Control Plan must demonstrate how the Contractor will assure quality meets the requirements and specifications of the contract. The Plan shall describe how quality will be monitored to assure the performance standards are met, the supervision of crew and work, and personnel that will be performing the quality control. Quality control shall include monitoring quality while work is in progress, residual tree care and other associated tasks, an unbiased sample of:

Tree damage will be determined by inspecting each crop tree on the inspection plot. Crop trees will have unacceptable levels of damage if the following occurs:

Herbicide mixture or damage on more than 25% of the green crown.

1. Evidence of any amount of herbicide or damage on the terminal leader.
2. Any mechanical damage to the bole, limbs, or terminal leader of the tree.

Tree damage will be determined by dividing the number of damaged trees by the total number of trees in all inspection plots. Percent of damaged trees in excess of 5% will be deducted from the inspection quality.

c. The Contractor shall identify the quality control inspection system it will use to ensure that contract specifications will be achieved. At no time shall the contractor rely upon Government inspections to provide notification of unsatisfactory performance. The Contractor shall produce written inspection records in a format and at times and places satisfactory to the Contracting Officer. Inspection records shall be made available upon request of the Contracting Officer and be maintained until the date of contract closure. The Contracting Officer may observe the Contractor's inspection at any time and shall otherwise have unlimited access to the inspection data.

E.6 Plot Inspections

Plots. At least one percent of each treatment area will be sampled by a random series of plots distributed over the entire area. Plot size will be:

1/50 acre

The plot system shall be consistent with method of work. The Contractor shall sample at least 1-percent of the unit, with a minimum of 5 plots per 10 acres unit.

- a) Plots shall be marked and identifiable on the ground, this includes plot numbers and visible flagging.
- b) The Contractor shall provide inspection sheets and a sketch map of the unit with plot locations to the Government. Inspection sheets shall be signed and dated by the person who conducted the inspection and shall certify that the inspection records are complete and accurate.

E.6 Government Quality Assurance Surveillance Plan

Quality assurance specific to individual items will be found in Appendix A.

a) Forest Service Inspection – The Forest Service shall conduct inspections of the Contractor's work to determine compliance with the contract specifications (Appendix A) and determine a basis for making payment of Service Items. Inspections will consist of a visual walk-through inspection of the work performed and will be based on adherence to the Acceptable Quality Level (AQL). The Forest Service May also install a series of inspection plots to check for compliance to AQL.

b) Forest Service Acceptable Quality Level for Harvest and Fuel Reduction – Within cutting units, all trees designated for cutting are cut and removed to designated landings for removal or to disposal sites. No un-designated trees are cut or removed.

a) Residual Trees: No more than 2% (cumulative) of the residual leave trees are damaged by the contractors operations.

b) Felling: 90% of material is felled, 90% of cut stumps are within the specified stump height, and 90% of slope indicated in B.2 (Schedule of Items) are felled to accomplish fuel reduction goals.

c) Snag Retention: 90% of Snag retention requirement and number are met.

d) Piling: 90% of all piles meet specifications.

e) 90% of the required erosion control measures conform to the contract.

f) Brush Treatment: 90% of all material meets specifications.

g) Road Maintenance: 90% of road surfaces are returned to prior state before work began.

h) Controlled Areas: No damage to controlled areas

E.8 Unit Acceptance

a) The Contractor shall submit a unit to the Contracting Officer for acceptance only when the Contractor's inspections for quality control assure the work specifications have been met.

b) The Government may perform formal inspections to determine acceptance of the work units. Formal inspections will inspect at least two percent of the work unit on a random plot basis and will address the work specifications.

c) If the results of the Contractor's inspections cannot be verified by Government inspections, the Government may elect to conduct all subsequent inspections. If the Government does assume the burden of the Contractor's inspections, there shall be an inspection charge of \$25/ha (\$10.00 per acre) inspected.

E. Acceptance of Services

The Contractor shall provide a written request for inspection and submit inspection sheets in accordance with the QCP. The Government will conduct an inspection and up to one re-inspection for each unit. If the contractor fails to meet the minimum AQL, the contractor shall rework the unit. Anytime more than two inspections are required per unit, the contractor may be assessed for additional inspections, which will include mileage and hourly rate of the COR. If follow-up inspections indicate that the minimum AQL was not met, the work will be deemed unsatisfactory and a deduction in payment may result (Section G-3.4). Acceptance may be made for all or portions of work.

Acceptance – Work will be accepted when it is determined by the visual inspection or plot data collected at a 1 percent sample that the Contractor's work conforms to the Acceptable Quality Level (AQL) for the unit designation. Areas missed within the work unit will be considered part of the work being inspected

and must be re-worked regardless of the results of the inspection of the work completed in the Service Item. Service Items that do not comply with the Acceptable Quality Level will be in non-compliance and shall result in no-payment until AQL is met.

SECTION F. DELIVERIES OR PERFORMANCE

FAR 52.252-2 Clauses Incorporated by Reference (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): www.acquisition.gov/far/

FEDERAL ACQUISITION REGULATION (48 CFR CHAPTER 1) CLAUSES

52.242-14 Suspension of Work (APR 1984)

Work Timing

The Contractor shall begin work within 5 calendar days after the effective date of the Notice to Proceed and shall prosecute the work at a rate that will result in completion of all work within the following time frame:

Item No.1: Estimated Start Work Date/Contract Time (Calendar Days)

April 1st, 2019 25 Days

Failure to begin work on schedule will make the contract subject to immediate termination for default.

Delays due to normal adverse weather, weekends, and holidays have been included in the calculation of contract time. The Government reserves the right to set the priority of items or subitems. Contractor shall complete all work on one subitem before proceeding to another.

If this solicitation has more than one numbered item, award of more than one item to one contractor will not change the start work dates or the amount of contract time; times will run concurrently. This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make

their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): www.acquisition.gov/far/

Winter Shutdown

When winter weather sets in and the continuation of work is impractical, the Contracting Officer may authorize a total suspension until such time as work can proceed. During the period of total suspension, the calendar days elapsed will not be charged against the contract time.

SECTION G. CONTRACT ADMINISTRATION

Pre-work conference

Before work begins on service contracts, a pre-work conference is normally held to discuss the contract--especially the specifications, labor provisions, plan of work, and selected standard clauses. The pre-work meeting should be attended by an officer of the firm or someone designated in writing to act on behalf of the firm. The pre-work meeting may be waived at the discretion of the Contracting Officer.

Notice to Proceed. No work may begin on this contract until the Contracting Officer has issued a Notice to Proceed.

G.2 Measurement

Methods of Measurement.

Acreage was measured on a horizontal plane using a Global Positioning System.

Estimated acreage: Actual acreage worked will be measured by the method(s) indicated above.

a. Remeasurement. Unless otherwise indicated by this contract, the contractor may request remeasurement of any quantities in Part B, when the units are acres or any linear measurement. The request must be made in writing and must be made within 10 calendar days of completing work on the unit in question. If remeasurement indicates a variance of five percent or less from the stated quantity, the Contractor shall pay for the actual cost of remeasurement and no adjustment will be made in the quantity as stated in Part B. If remeasurement indicates a variance more than five percent from the stated quantity, payment will be based on the remeasured quantity, and the Contractor will not be liable for the costs of remeasurement. All remeasurements will be done by the Government. Remeasurement of acreage will be done with two people using a hand compass and ground measurement or by means of a Global Positioning System. This clause is not applicable to quantities listed as estimated quantities.

G.3 Payment

Payments and Deductions. Payment will be made for fully acceptable work at the prices bid in the schedule of items. In the event of extended non-work periods because of adverse weather, the Contracting Officer may authorize progress payments for partially completed sub-items on a case-by- case basis. In accordance with the inspection clause, payment may be made for less than fully acceptable work at a reduced price. Other exceptions are noted below: Payment will be made upon presentation of a properly prepared invoice for work that meets all specifications and all GPS files of all completed treatment area acreage that is included on the invoice. Refer to the Prompt Payment Act clause in Section I for the elements of a proper invoice.

Payment will be made in full if inspection results are 90 percent or higher. No payment will be made if inspection results are less than 90 percent.

Contract Release. The following supplements the Payments clause in Section I:

Before final payment will be made the Contractor shall sign a release of all claims against the Government arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the Contractor's claim to amounts payable under this contract has been assigned under the Assignment of Claims Act of 1940 (31 U.S.C. 3727 and 41 U.S.C. 15).

G.4 Invoices

Payment will be made from Contractor's invoice which shall be submitted to the COR with all GPS files of all completed treatment acreage that is included on the invoice.

a. **Retainage.** The following supplements Clause 52.232-1, Payments:
The Contracting Officer may retain up to 10 percent of the invoiced amount if the contractor is behind schedule at the time the invoice is presented. "Behind schedule" means that the percentage of work completed is less than the percentage of time used.

G.4 Government-Furnished Property

The Government will provide the following item(s) of Government property to the Contractor for use in the performance of this contract. This property shall be used and maintained by the Contractor in accordance with the provisions of the "Government Property" FAR clause contained elsewhere in the contract.

Maps, Electronic shapefiles or track logs for uploading in GPS or mobile electronic device (smart phone, tablets).

G.5 Additional HUD Administrative requirements.

See NDR Service Contract Addendum.

SECTION H. SPECIAL CONTRACT REQUIREMENTS

State of California HUD Additional Requirements

Additional State of California Department of Housing And Community Development Provisions are included at the addendum attached.

Emergencies

Fire Plan

See Section J, Fire Plan

Area of Responsibility for Fire. Unless otherwise noted elsewhere in the contract, the following define the limits of a contractor's area of responsibility for fire under the terms of the Fire Plan (Section J):

Silviculture Projects - 70 meters around the perimeter of the unit being worked in

Superintendence by Contractor

The name and the specific authorities of the foreman or superintendent must be designated in writing to the Contracting Officer. The Contractor may use his/her own prepared letterhead stationery or a "Designation of Contractor's Representative" form available from the Contracting Officer. If the Contractor or the designee is not present when work is being performed on the contract, a Suspend Work Order may be issued with contract time continuing to run. The Contractor shall have a person on-site that is fully conversant in the English language.

Camping Permit Compliance

Contractor shall comply with all terms and conditions of any camping permit issued to allow use of premises. Any non-compliance will result in suspension of work until compliance is achieved.

Archaeological and Historic Sites

Location of known archaeological, historic, or pre-historic materials--such as Amerind artifacts and/or historic mining, logging, or fur trapping remains protected by the American Antiquities Act (16 USC 433)--will be identified for the contractor before work commences.

Spill Plan

If the total oil or oil products storage exceeds 1,320 gallons or if any single container exceeds a capacity of 660 gallons, the Contractor shall prepare and implement a Spill Prevention and Countermeasures (SPCC) Plan. Such plan shall meet applicable EPA requirements (40 CFR 112), including certification by a registered professional engineer. The Contractor under the direction of the Contracting Officer, or in the absence of said officer, acting independently, shall immediately take action to contain and clean up, without expense to the Government, all petroleum products spills on or in the vicinity of the project which are caused by the Contractor's employees directly or indirectly as a result of contract operations. The Contractor

may be held liable for all damages and costs of additional labor, subsistence, equipment, supplies, and transportation deemed necessary by the Government for the containment and clean-up of petroleum products spills caused by Contractor's employees or resulting from contract operations. The Contractor shall immediately report all petroleum products spills to the Contracting Officer.

Equipment Cleaning

All off-road equipment used on this project shall be washed before moving into the project area so that the equipment is free of soil, seeds, vegetative material, or other debris that could contain or hold seeds of noxious weeds. "Off-road equipment" includes all logging and construction equipment and such brushing equipment as brush hogs, masticators, and chippers; it does not include log trucks, chip vans, service vehicles, water trucks, pickup trucks, and similar vehicles not intended for off-road use.

Equipment will be considered clean when visual inspection does not reveal soil, seeds, plant material, or other such debris. Disassembly of equipment components or specialized inspection equipment is not required. Contractor shall notify the Contracting Officer at least five days in advance of moving equipment in so that arrangements can be made for inspection.

If the project area is known to contain noxious weeds, the equipment shall be cleaned before moving to other Forest Service system lands which do not contain noxious weeds.

AGAR 452.236-72 USE OF PREMISES (NOV 1996)

Before any camp, quarry, borrow pit, storage, detour, or bypass site, other than shown on the drawings, is opened or operated on USDA land or lands administered by the USDA, the Contractor shall obtain written permission from the Contracting Officer. A camp is interpreted to include a camp site or trailer parking area of any employee working on the project for the Contractor.

Unless accepted elsewhere in the contract, the Contractor shall (i) provide and maintain sanitation facilities for the work force at the site and (ii) dispose of solid waste in accordance with applicable Federal, State, and local regulations.

AGAR 452.236-74 CONTROL OF EROSION, SEDIMENTATION, AND POLLUTION (NOV 1996)

Operations shall be scheduled and conducted to minimize erosion of soils and to prevent silting and muddying of streams, rivers, irrigation systems, and impoundments (lakes, reservoirs, etc.).

Pollutants such as fuels, lubricants, bitumens, raw sewage, and other harmful materials shall not be discharged on the ground; into or nearby rivers, streams, or impoundments; or into natural or man-made channels. Wash water or waste from concrete or aggregate operations shall not be allowed to enter live streams prior to treatment by filtration, settling, or other means sufficient to reduce the sediment content to not more than that of the stream into which it is discharged.

Mechanized equipment shall not be operated in flowing streams without written approval by the Contracting Officer.

Landscape preservation

The Contractor shall give attention to the effect of contract operation upon the landscape, shall take care to maintain natural surroundings undamaged, and shall conduct the work at all times in compliance with the following requirements.

a. Prevention of the Landscape Defacement. The Contractor shall not remove, deface, injure, or destroy trees, shrubs, lawns, or other natural features or any other improvements in the work area unless specifically authorized by the Contracting Officer. Unless otherwise provided herein, the Contractor shall confine contract operations to within the areas designated in contract documents.

b. Protection of Streams, Lakes, and Reservoirs. The Contractor shall take sufficient precautions to prevent pollution of streams, lakes, small ponds, and reservoirs with fuels, oils, bitumens, calcium chloride, silt, or other harmful materials. Mechanical equipment shall not be operated in live streams without written approval of the Contracting Officer.

Approval of Subcontracting

The Contractor shall request approval from the Contracting Officer prior to entering into any subcontract arrangement. The subcontractor shall have the experience and be equipped for such work. The written notification shall include as a minimum:

- The name, address and telephone number of the subcontractor.
- The date upon which the subcontract was entered into and its duration
- A detailed description of the work being subcontracted including a listing of contract items, units, etc., as appropriate.
- Documentation of the subcontractor's representative authority.

Subcontracting any portion of the contract shall not relieve the Prime Contractor of any responsibility under this contract. Any subcontract agreement shall contain all terms and conditions of the prime contract.

Employment of Eligible Workers

a) Labor standards for contracts involving H-2B workers or migrant and seasonal agricultural workers

1. General

This contract is subject to the Migrant and Seasonal Agricultural Worker Protection Act (MSPA), 29 United States Code (U.S.C) 1801-1872, and to the U.S. Department of Labor (DOL) regulations implementing MSPA 29 Code of Federal Regulations (CFR) Part 500. MSPA eliminates activities detrimental to migrant and seasonal agricultural workers, requires registration of Farm Labor Contractors, and ensures necessary protection for the workers. Information regarding MSPA can be found at <http://www.dol.gov/whd/mspa/index.htm>.

If workers are hired under the H-2B program, (8 CFR Section 274A provisions of the Immigration and Nationality Act (INA) for the admission of nonimmigrants to the U.S. to

perform temporary labor or services) a Temporary Employment Certification issued by the Office of Foreign Labor Certification (OFLC) in the Department of Labor Employment and Training Administration is required. For further information on the requirements of the H-2B program, visit OFLC's website at <http://www.foreignlaborcert.doleta.gov/> or Wage and Hour's website at <http://www.dol.gov/whd/immigration/H2BFinalRule/index.htm>.

Compliance with MSPA and the INA is a material condition of this contract. If the contractor employs any unauthorized worker(s) during the performance of this contract that violates section 274A of the INA, the Government may terminate the contract, in addition to other remedies or penalties prescribed by law.

2. Definitions

a) H-2B worker: as used in this part means a nonimmigrant holding a visa authorizing the individual to legally work in the US to perform temporary labor or services. A worker with an H-2B visa ("H-2B worker") may also be considered a migrant agricultural worker under MSPA depending on the type and nature of work performed.

b) Migrant Agricultural Worker and Seasonal Agricultural Worker: as used in this part means individuals employed for agricultural (including forestry) work on a seasonal or temporary basis. i. A worker, moving from one seasonal activity to another, is employed on a seasonal basis even though the worker may continue to be employed during a major portion of the year.

ii. An overnight absence from the migrant workers permanent place of residence is required.

iii. Members of the contractor's immediate family are not considered migrant or seasonal workers. Immediate family includes:

- Spouse
- Children, stepchildren, or foster children
- Parents, stepparents, or foster parents, or
- Brothers and sisters

c) Farm Labor Contractor (FLC). As used in this part means a person including an individual, partnership, association, joint stock company or a corporation, who, for any money or other valuable consideration, paid or promised to be paid, performs any recruiting, soliciting, hiring, employing, furnishing, or transporting of any migrant or seasonal agricultural worker.

3. Registration Requirements

a) Any contractor providing or hiring H-2B nonimmigrants for work under this contract shall provide a copy of their Temporary Employment Certificate. General information about the H-2B program can be found on Fact Sheet # 78 at

<http://www.dol.gov/whd/regs/compliance/whdfs78.htm>. Contractors can apply for the certificate through the US DOL Employment & Training Administration's on line iCERT Visa Portal System at <https://icert.doleta.gov/> or by paper application.

b) Any contractor who meets the definition in (2.iii.) above providing or hiring migrant or seasonal workers to perform agricultural or manual forestry work shall first obtain a Federal

DOL Farm Labor Contractor Certificate of Registration (http://www.dol.gov/whd/forms/fts_wh530.htm). The contractor shall carry the certificate at all times while engaged in contract performance and shall display it upon request. Any of the contractor's employees who perform any one or more of the activities defined as an FLC in paragraph (2.iii.) must have their own FLC Employee Certificate. General information about MSPA can be found on Fact Sheet #49 at DOL Wage and Hour Divisions webpage <http://www.dol.gov/whd/regs/compliance/whdfs49.htm>.

4. Certifications

The Contractor shall provide applicable H-2B Temporary Employment Certificate or Farm Labor Contractor Certificate as part of their representations, certifications, and acknowledgements. Subcontractor(s) meeting the definitions above shall follow the same requirements as the Prime Contractor. It is the Prime Contractor's responsibility to ensure the Subcontractor's information is provided to the Contracting Officer.

5. Worker Protections

- a) Worker Information Posters**
- i. A contractor who uses the H-2B program to meet its temporary employment needs must post and maintain the H-2B poster (WH-1505) in a conspicuous location accessible to workers at the job site.
 - ii. The contractor shall display and maintain the MSPA poster (WH-1376) on the job site in a conspicuous location accessible to workers during the contract performance period.
- b) Personal protective equipment**
- i. 29 CFR 1910 Subpart I, OSHA's General Industry personal protective equipment (PPE) standard contains the general requirements for the provision of personal protective equipment and requires employers to perform a hazard assessment to select appropriate PPE for hazards that are present or likely to be present in the workplace. OSHA requires that many categories of personal protective equipment meet or be equivalent to standards developed by the American National Standards Institute (ANSI).
 - ii. Before a worker begins operating equipment, the contractor shall train the workers on the safe operation and use of the equipment.
 - iii. The contractor shall provide the appropriate personal protective equipment for the work required to be performed in the contract, wherever necessary by reason of hazards or processes encountered that may cause injury or impairment in the function of any part of the body. Except for foot protection, all PPE must be provided by the employer at no cost to the employee. Includes:
 - Head Protection
 - Hearing Protection
 - Eye/Face Protection
 - Leg Protection
 - Foot Protection
 - Hand Protection
 - iv. PPE must be sanitary and in reliable condition. Do not use defective or damaged PPE. PPE must be inspected prior to use on each work shift to ensure it is in serviceable condition.

v. A checklist of applicable PPE guidelines typical for the work performed under this contract is provided. This does not relieve the contractor of the responsibility of performing a risk assessment or providing the necessary PPE for their operations.

- MSPA – Forestry Working Conditions Checklist
 - Manual Tree Planting
 - Spraying
 - Firefighting

c) Field Sanitation. OSHA established minimum standards for field sanitation in covered agricultural settings. Refer to Fact Sheet # 51 Field Sanitation Standards under the Occupational Safety and Health Act.

6. Employment Requirements - Fact Sheets with relevant information may be found at <http://www.dol.gov/WHD/fact-sheets-index.htm>.

a) Contractors employing workers in forestry related work are required to comply with wage and payroll standards and recordkeeping requirements. Refer to Fact Sheet #63: Application of Federal Labor Laws to Reforestation found on the DOL Wage and Hour Division webpage.

b) Contractor Employee List. Contractors are required to provide/maintain an active list of all employees performing work on the job site under this contract. The Employee List will identify employees by full name (aliases), supervisory duties if applicable, and appropriate labor Occupation Code for work performed under the Service Contract Act Wage Rates applicable to this contract. If Subcontractors are utilized, all tiers of subcontractor(s) are responsible for providing the same information for their employees to the Prime for submittal to the Contracting Officer.

7. Transportation

a) The contractor shall be registered to transport employees, unless employees provide their own transportation or carpool by their own arrangement in one of their own vehicles. Authorization for each vehicle that will be used to transport employees must appear on the contractor's certificate. If the contractor directs or requests employees to carpool, the registration requirement is applicable. Any driver, who transports workers for a fee or at the direction of the contractor, shall be registered as an FLC or an FLC employee.

b) See Fact Sheet #50: Transportation Under MSPA, for more information about the vehicle safety standards, driver's licensing requirements, and vehicle insurance requirements. Note that separate transportation requirements may apply if there are H-2B workers.

8. Housing

a) The authorization to furnish housing, other than commercial lodging certified by a health authority or other appropriate agency, must appear on the contractor's certificate. Contractors should contact their local Wage and Hour Division of the DOL for further information on the requirements of the Act.

b) Camping Requirements. The Forest Service (FS) has various camping opportunities. Check with local FS unit for camping requirements, camping permits may be required. Verify local fire restriction policies. If camps will be used to house workers subject to MSPA, they are also subject to the temporary labor camp standards at 29 CFR 1910.142. The Forest Service reserves the right to terminate a camping permit at any time. These requirements are in addition to those contained in or provided for under the clause titled “452.236-72 Use of Premises” in this contract. Any violation of these conditions constitutes a breach of contract and may result in revocation of camping approval. i. Every structure used as shelter must provide protection from the elements. Where adequate heat is not provided, make other arrangements to protect workers from the cold. Cut firewood only after a District Firewood Permit is obtained.

ii. The campsite must not encroach beyond the boundaries designated by the Forest Service. The campsite location must minimize impacts on streams, lakes, and other bodies of water. Camping is not permitted within developed recreational sites or along primary recreational roads.

iii. The campsite must have a clean appearance at all times. Upon abandonment of any campsite, or termination, revocation, or cancellation of camping privileges, the contractor shall remove, within 10 calendar days, all structures and improvements except those owned by the United States, and shall restore the site, unless otherwise agreed upon in writing or in the camping permit. Structures or improvements the contractor fails to remove within the 10 calendar day period becomes the property of the United States, however, the contractor remains liable for the cost of the removal and restoration of the site.

iv. Unless otherwise designated by the CO, the use of the area is not exclusive and may be granted to other permittees, contractors, or recreating public. Disorderly conduct is not permitted.

v. Damaging or removing any natural feature or other property of the Forest Service is prohibited.

vi. Servicing of equipment in the campsite is not permissible unless the campsite is within the project area.

vii. Provide sanitary facilities for storing food. Provide ice chests or coolers, with ice supply made from potable water, and replenish as necessary. Provide sufficient storage for perishable food items.

viii. Provide an adequate and convenient potable water supply in each camp for drinking and cooking purposes.

ix. Provide adequate toilet facilities and toilet paper for the capacity of the camp. Service and maintain facilities in a sanitary condition.

x. Collect, store, and dispose of garbage in a manner to discourage rodent access, minimize attraction of flies, and prevent scattering by wind

xi. Maintain basic first aid supplies available, which must be under the charge of a person trained to administer first aid.

The basic supplies must include:

- Gauze pads (at least 4x4 inches)

- Two large gauze pads (at least 8x10 inches)
- Box adhesive bandages (band-aids)
- One package of gauze roller bandage (at least 2-inches in width)
- Two triangular bandages
- Scissors
- At least one blanket
- Tweezers
- Adhesive tape
- Latex gloves, and
- Resuscitation device such as resuscitation bag, airway, or pocket mask.

xii. Wash laundry in such a way that washing and rinsing will not pollute lakes, streams, or other flowing water.

xiii. Dispose waste water away from living and eating areas and in such a way that minimizes pollution to lakes, streams, and other flowing water.

xiv. The contractor shall take all reasonable precautions to prevent and suppress forest fires. Do not dispose of material by burning in open fires during the closed season established by law or regulation without the written permission from the Forest Service.

xv. If authorized to have an open fire, the Contractor shall comply with the following fire regulations: • A shovel, axe or Pulaski, a 10-quart pail, which is full of water for immediate use, and a fire extinguisher with an Underwriters Laboratory (UL) rating of at least 1:A 10:BC is required.

- All fire rings or outside fireplaces must be approved by the Forest Service representative.

The area must be cleared down to mineral soil for a distance of one foot outside of the ring or fireplace, and it must not have any overhanging material. Fire rings must be dismantled and material disposed prior to leaving the site.

- All generators and other internal combustion engines must be equipped with Forest Service approved spark arrestors and/or factory designed muffler and exhaust system in good working order. They will be located in a cleared area with the same requirements as in described in the previous paragraph.

- All fuel must be stored in UL approved flammable storage containers and be located at least 50 feet from any open flame or other source of ignition.

c) Include the instructions below, Representations, certifications, and other statements of offerors or respondents. Contractors are required to provide certification of employment status as part of their representations, certifications, and acknowledgements.

Workforce Certification

Contractors are required to provide certification under this solicitation in compliance with the Migrant and Seasonal Agricultural Workers Protection Act (MSPA) and Farm Labor Contractor (FLC) Certificate of Registration requirements describing the workforce they will utilize to fulfill the contract requirements under this solicitation and any resulting contract. If the Contractor will supply workers under the H-2B Program, the Contractor is required to provide a copy of the Temporary Employment Certificate issued by DOL.

Subcontractors are bound by the same requirements for licenses and permits under this contract. If a Prime Contractor identifies a Subcontractor as part of their workforce to accomplish the work under this solicitation, the Prime Contractor shall submit the Subcontractor's signed certification with their response to the solicitation.

52.217-7 Option for Increased Quantity—Separately Priced Line Item

52.212-4 Contract Terms and Conditions—Commercial Items. (Oct 2018)

(a) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or

adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights—

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) *Assignment*. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act ([31 U.S.C. 3727](#)). However, when a third party makes payment (*e.g.*, use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) *Changes*. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) *Disputes*. This contract is subject to [41 U.S.C. chapter 71](#), Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR [52.233-1](#), Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) *Definitions*. The clause at FAR [52.202-1](#), Definitions, is incorporated herein by reference.

(f) *Excusable delays*. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) *Invoice*.

(1) The Contractor shall submit an original invoice and three copies (or electronic invoice, if authorized) to the address designated in the contract to receive invoices. An invoice must include—

(i) Name and address of the Contractor;

(ii) Invoice date and number;

(iii) Contract number, line item number and, if applicable, the order number;

(iv) Description, quantity, unit of measure, unit price and extended price of the items delivered;

(v) Shipping number and date of shipment, including the bill of lading number and weight of shipment if shipped on Government bill of lading;

(vi) Terms of any discount for prompt payment offered;

(vii) Name and address of official to whom payment is to be sent;

(viii) Name, title, and phone number of person to notify in event of defective invoice; and
(ix) Taxpayer Identification Number (TIN). The Contractor shall include its TIN on the invoice only if required elsewhere in this contract.

(x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (*e.g.*, [52.232-33](#), Payment by Electronic Funds Transfer—System for Award Management, or [52.232-34](#), Payment by Electronic Funds Transfer—Other Than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(2) Invoices will be handled in accordance with the Prompt Payment Act ([31 U.S.C. 3903](#)) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR Part 1315.

(h) *Patent indemnity*. The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) Payment.—

(1) *Items accepted*. Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract.

(2) *Prompt payment*. The Government will make payment in accordance with the Prompt Payment Act ([31 U.S.C. 3903](#)) and prompt payment regulations at 5 CFR Part 1315.

(3) *Electronic Funds Transfer (EFT)*. If the Government makes payment by EFT, see [52.212-5\(b\)](#) for the appropriate EFT clause.

(4) *Discount*. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(5) *Overpayments*. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall—

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

(A) Circumstances of the overpayment (*e.g.*, duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) *Interest.*

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in [41 U.S.C. 7109](#) , which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) *Final decisions.* The Contracting Officer will issue a final decision as required by [33.211](#) if—

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see [32.607-2](#)).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on—

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in [32.608-2](#) of the Federal Acquisition Regulation in effect on the date of this contract.

(j) *Risk of loss.* Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) *Taxes.* The contract price includes all applicable Federal, State, and local taxes and duties.

(l) *Termination for the Government's convenience.* The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.* The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability.* Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) *Other compliances.* The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) *Compliance with laws unique to Government contracts.* The Contractor agrees to comply with [31 U.S.C. 1352](#) relating to limitations on the use of appropriated funds to influence certain Federal contracts; [18 U.S.C. 431](#) relating to officials not to benefit; [40 U.S.C. chapter 37](#), Contract Work Hours and Safety Standards; [41 U.S.C. chapter 87](#), Kickbacks; [41 U.S.C. 4712](#) and [10 U.S.C. 2409](#) relating to whistleblower protections; [49 U.S.C. 40118](#), Fly American; and [41 U.S.C. chapter 21](#) relating to procurement integrity.

(s) *Order of precedence.* Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

(1) The schedule of supplies/services.

(2) The Assignments, Disputes, Payments, Invoice, Other Compliances, Compliance with Laws Unique to Government Contracts, and Unauthorized Obligations paragraphs of this clause;

(3) The clause at [52.212-5](#).

(4) Addenda to this solicitation or contract, including any license agreements for computer software.

(5) Solicitation provisions if this is a solicitation.

(6) Other paragraphs of this clause.

(7) The [Standard Form 1449](#).

(8) Other documents, exhibits, and attachments.

(9) The specification.

(t) [Reserved]

(u) Unauthorized Obligations

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) Incorporation by reference. The Contractor’s representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(End of clause)

ADDENDUM TO FAR 52.212-4 The following clauses are hereby incorporated by reference or full text as appropriate:

52.236-7 PERMITS AND RESPONSIBILITIES (NOV 1991)

52.236-13 ACCIDENT PREVENTION (NOV 1991)

52.217-7 Option for Increased Quantity—Separately Priced Line Item. (1989)

The Government may require the delivery of the numbered line item, identified in the Schedule as an option item, in the quantity and at the price stated in the Schedule. The Contracting Officer may exercise the option by written notice to the Contractor **30 days**.

Delivery of added items shall continue at the same rate that like items are called for under the contract, unless the parties otherwise agree.

52.217-8 Option to Extend Services. (Nov 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 days from end of contract performance.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 6 (months) (years).

(a) AGAR 452.237-71 PRE-PROPOSAL CONFERENCE (FEB 1988)

(a) The Government is planning a pre-proposal conference, during which potential offerors may obtain a better understanding of the work required.

(b) Offerors are encouraged to submit all questions in writing prior to the conference. Questions will be considered at any time prior or during the conference; however, offerors will be asked to confirm verbal questions in writing. Subsequent to the conference, an amendment to the solicitation containing an abstract of the questions and answers, and a list of attendees, will be disseminated.

(c) The Government assumes no responsibility for any expense incurred by an offeror prior to contract award.

(d) Offerors are cautioned that, notwithstanding any remarks or clarifications given at the conference, all terms and conditions of the solicitation remain unchanged unless they are changed by amendment to the solicitation. If the answers to conference questions, or any solicitation amendment, create ambiguities, it is the responsibility of the offeror to seek clarification prior to submitting an offer.

AGAR 452.211-72 STATEMENT OF WORK/SPECIFICATIONS (FEB 1988)

The Contractor shall furnish the necessary personnel, material, equipment, services and facilities (except as otherwise specified) to perform the Performance Statement of Work, Investigation plan and Quality Assurance Surveillance Plan referenced in the attachments.

(e) AGAR 452.211-74 PERIOD OF PERFORMANCE (FEB 1988)

The period of performance of this contract is from the effective date of the Notice to Proceed through April 1, 2015 to June 30th if all items are awarded to one vendor.

(f) AGAR 42.215-73 POST AWARD CONFERENCE (NOV 1996)

(a) A post award conference with the successful offeror is required. It will be scheduled within 15 days after the date of contract award. The conference will be held at: Stanislaus National Forest, unless otherwise changed by mutual agreement. This may also be scheduled for the first day of work.

(b) Contractor designated representative or foreman (whomever the Contractor will have on the site) shall be present at the pre-work conference.

(g) FAR 52.237-1 SITE VISIT (APR 1984)

Offerors or quoters are urged and expected to inspect the site where services are to be performed and to satisfy themselves regarding all general and local conditions that may affect the cost of contract performance, to the extent that the information is reasonably obtainable. In no event shall failure to inspect the site constitute grounds for a claim after contract award.

(h) LANDSCAPE PRESERVATION

The Contractor shall give attention to the effect of contract operation upon the landscape, shall take care to maintain natural surroundings undamaged, and shall conduct the work at all times in compliance with the following requirements.

a. Prevention of the Landscape Defacement. The Contractor shall not remove, deface, injure, or destroy trees, shrubs, lawns, or other natural features or any other improvements in the work area unless specifically authorized by the Contracting Officer. Unless otherwise provided herein, the Contractor shall confine contract operations to within the areas designated in contract documents.

b. Protection of Streams, Lakes, and Reservoirs. The Contractor shall take sufficient precautions to prevent pollution of streams, lakes, small ponds, and reservoirs with fuels, oils, bitumens, calcium chloride, silt, or other harmful materials. Mechanical equipment shall not be operated in live streams without written approval of the Contracting Officer.

(i) PUBLIC OFFICIALS NOT PERSONALLY LIABLE

There shall be no personal liability upon the Contracting Officer or officer in charge, their agents or employees, for any act performed in the discharge of any duty imposed or the exercise of any power or authority conferred upon them by, or within the scope of the contract, it being understood that in all such matters they act solely as agents and representatives of the Government.

(j) DESIGNATION OF CONTRACTING OFFICER'S REPRESENTATIVE

The Contracting Officer designates the Contracting Officer's Representative(s) (COR). The COR is responsible for administering the performance of work under this contract. In no event, however, will any understanding, agreement, modification, change order, or other matter deviating from the terms of this contract be effective or binding upon the Government unless

formalized by proper contractual documents executed by the Contracting Officer prior to completion of the contract.

The Contracting Officer should be informed as soon as possible of any actions or inactions by the Contractor or the Government, which will change the required delivery or completion times stated in the contract, and the contract will be modified accordingly. (This does not apply to individual task assignments which were issued by the COR provided they do not affect the delivery schedule or performance period stated in the contract.)

On all matters that pertain to the contract terms, the Contractor must communicate with the Contracting Officer. Whenever, in the opinion of the Contractor, the COR requests effort outside the scope of the contract, the Contractor should so advise the COR. If the COR persists and there still exists a disagreement as to proper contractual coverage, the Contracting Officer should be notified immediately, preferably in writing if time permits. Proceeding with work without proper contractual coverage could result in nonpayment or necessitate submittal of a contract claim.

(k) APPROVAL OF SUBCONTRACTING

The Contractor shall request approval from the Contracting Officer prior to entering into any subcontract arrangement. The subcontractor shall have the experience and be equipped for such work. The written notification shall include as a minimum:

- A. The name, address and telephone number of the subcontractor.
- B. The date upon which the subcontract was entered into and its duration
- C. A detailed description of the work being subcontracted including a listing of contract items, units, etc., as appropriate.
- D. Documentation of the subcontractor's representative authority.

Subcontracting any portion of the contract shall not relieve the Prime Contractor of any responsibility under this contract. Any subcontract agreement shall contain all terms and conditions of the prime contract.

52.212-5 -- Contract Terms and Conditions Required to Implement Statutes or Executive Orders -- Commercial Items. (Jan 2019)

(a) The Contractor shall comply with the following Federal Acquisition Regulation (FAR) clauses, which are incorporated in this contract by reference, to implement provisions of law or Executive orders applicable to acquisitions of commercial items:

(1) 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (Jan 2017) (section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act 2015 (Pub.
